About the Robert Irvine Foundation

The Robert Irvine Foundation was established by chef, entrepreneur and TV personality Robert Irvine. The Foundation's primary focus is giving-back and supporting our service members, veterans, first responders, their families and those in need through resiliency, health, and wellness programs. The Foundation also provides financial support to top-rated military and first responder organizations. Their goal is to bridge the gap between our nation and the community they serve by creating awareness of the sacrifices made by our military personnel, first responders, and their families; and, in turn, inspire others to appreciate and support the men and women defending our freedom at home and abroad.
